

CREME SIL

CREAM CLEANSER

CREME SIL has been formulated with a powerful scrubbing action, that cuts through dirt, stains, hard water deposits, scum and residues with a super charged combination of penetrants, surfactants, sequestrants and scrubbers. It brightens and cleans in one operation, bringing the sparkle back to hard surfaces and retards future soiling.

- **Saves waste - Thick viscous formula - clings to vertical surfaces, allowing thorough cleaning**
- **Easy on surfaces - Non acid formula, makes it safe to use on chrome, nickel, cadmium and other plating. Will not scratch formica, fibreglass other synthetics or metals, when used as directed.**
- **Food Plant Approved**
- **Cleans Everywhere - Use on sinks, wash basins, bath tubs, metal fixtures, shower stalls, porcelain, chrome, stoves, refrigerators, freezers, washers, dryers, counter tops, etc.**
